

Motueka Power Boat Club News October 2013

OCTOBER 2013

News from the MPBC

by Bruce Mathers

Summer is on the way

The weather is feeling warmer and brighter and people are flat out getting their boats tidied up and tested for another season on the water.

*** Wanted ***

Old chain for the channel marker buoys

**Please contact Denis
or Ray at the marina**

Electrical Certificates

All vessels in the marina need to have a current electrical certificate.

This certificate needs to be clearly visible from the outside so that the Marina Supervisor can see it.

The new toilet block

The new toilet facility is now open for 'Business' just in time for the summer rush.

Membership Invoices

Thank you to those who have paid their membership invoices. Your membership can either be paid by direct credit or by posting payment to our PO Box.

To those who paid at Bays Boating, this will no longer be an option for you next year. Bays Boating kindly take care of new memberships for the club – existing members are asked to not take advantage of their generosity by taking their membership renewal payments there.

All existing members, please pay next year's subs by either direct credit, Post to PO Box 41 Motueka. Or deposit funds at your local bank. Please make sure you put your invoice number and surname as a reference on whatever payment method you use as it is difficult to track \$80.00 payments with no reference when we are receiving 400 of them over a one month period

The Website

MPBC website it can be found at www.mpbc.co.nz

The website is full of useful navigation hints and the latest weather information. You can also find copies of the newsletters on the web site.

Trudy Mathers – Club Treasurer
Ray Frater – Marina Supervisor

Security

Earlier this year we had several break-ins to vessels in the marina area.

The club has introduced a new security camera system to assist in the apprehension of any future thieves as the existing cameras were ineffective in providing images of sufficient quality to identify individuals.

Note you are now on camera every time you enter or leave the marina area.

Stage two of this camera project will see video coverage of the trailer park and wash-down areas as well.

Whats your card No.?

Your card number is the first 5 digits printed on the top right hand side of your access card.

If your access card number does not match the number printed on your annual subscription invoice, please let us know so we can ensure your card is not deactivated.

If you do not wish to receive this newsletter by email in the future, please let us know by reply email
